# MAY/JUNE 2021 NEWSLETTER

## Golf Operations Update

Summer feels like it is here already with much warmer days ahead! We are always cautious of the feast or famine effect, but a few good days of slow, steady rain would be good for all of us right now.

All three courses are in great condition thanks to Jesse and his crew. Our maintenance team is working to keep the course in great shape, and this includes watering of the greens during the day, and possibly during play, to keep them cool.

We are recommending that masks still be used while inside all buildings and at the bag drops. Another reminder that Sea Trail Golf Club property is to be used and accessed by paying customers only. Maintenance activities, active golfers on the golf course, or even a golf ball traveling at over 100 mph can be lethal, and therefore, trespassing onto the golf course can be highly dangerous. A recent incident on the course has prompted us to remind you...when approaching maintenance crews tending to the course, please exercise patience and allow them to complete their task, or until they move out of the field of play.

We continue to receive new merchandise so please come in to check out our latest arrivals.

Reminder that there is still time to get your 2021 Golf Memberships! For more information, please go to [www.seatrail.com](http://www.seatrail.com) and click on 2021 Golf Program.

## Golf Maintenance Update

We started the year with an abundance of rain, and now we are hitting mid-year in need of it. Let's hope we get some soon to help the golf courses along! The golf course crew is always busy, and we offer the following updates:

- The spring fertilization of fairways and tees on all three courses had been completed
- The rough and tie in fertilizer should take place at the end of May or early June
- Spring pre-emergent and herbicide application to rough on all three course is completed
- Aerification on greens is scheduled for June-July
- Very dry conditions requiring hand waters on greens – please be aware of crew members on course during your round.

**GOLF SHOP HOURS FOR JUNE ARE MONDAY-SUNDAY, 7 AM-5:30 PM!**
