Monday-Sunday 7:15am-6:00pm.

Maples:

Monday-Sunday 7:15am - 3:00pm.

Aeration dates

Jones: 6/6/22

Byrd: 6/27/22

Golf Operations Update

I want to thank all members and staff at Sea Trail Golf Club for the warm welcomes and friendly faces! We have hit the ground running and look forward to working with everyone. I have met with many of the Men's and Ladies' groups and are preparing for a busy year. I have identified some of the drop areas that need some additional signage to keep pace of play going and should have signage ready to be posted in the coming weeks.

As we are in the busy spring season, please pay attention to the booking restriction associated with your membership designation. As valued members, we want you to take full advantage of your full booking window and please feel free to contact the pro shop at any time for questions about advance bookings.

Just a friendly reminder, we ask all players to stay 30 yards from the green even when issued a handicap flag.

We have a new procedure for all member groups of 8 or more. We will require a load list two days prior to the date of play to make sure we are all on the same page for accurate bookings. Please email me with any questions.

Golf Maintenance Update

Jessie and his team have been hard at work and have started the process that brings us into the Spring season. Pre-emergent, wetting agents, and fertilizer applications have begun to push the Bermuda grass as we continue to get warmer ground temperatures. We have been fixing irrigation heads to gain a better control on our water and repairing all leaks.

As we get warmer ground temperatures, we will begin the transition period from our winter grass to our primary Bermuda grass. Verti-cutting and topdressing will begin over the next couple of months to remove thatch and promote the growth of the Bermuda.
